**PSHR**

Performance Shagya-Arabian Registry

PSHR Breeding Guidelines - ZBO \*\*\* This is not an ISG Book.

Refer to the Performance Shagya-Arabian Registry Breeding Guidelines for complete details.

### Gelding Book I (Book I)

- 1 Geldings must have seven (7) or more registered ISG Shagya-Arabians in the 4th generation
- 2 Geldings must receive a minimum average Evaluation score of seven (7) or higher at an ISG affiliated Evaluation.
- 3 Upon Evaluation and veterinary exam Geldings will be temporarily placed in Book I. Conditions for permanent entry must be completed to retain placement in the Gelding Book I. There is not an age limit on the performance test completion date.
4. Geldings must be performance tested to maintain permanent placement in Book I. Upon Evaluation a Gelding must complete his performance testing and comply with the following:
  - 4.2 A Gelding must complete his performance criteria within three years of his Evaluation.
  - 4.3 The PShR may extend the time frame for a Gelding to complete his performance testing in special circumstances up to a maximum of 18 months.
  - 4.4 Injured or Geldings unable to compete due to age may apply to the PShR to be released from this rule to remain in Book I.
  - 4.5 Geldings not completing the performance testing will be removed from the Gelding Book I and placed in Gelding Book II
5. In order to satisfy the minimum requirements of the ISG, Shagya-Arabian Geldings in the US and Canada up to and including the year 2012, may apply to the PShR for permanent placement in Book I.
6. Geldings with a Book I parent and a purebred Arabian parent may be placed in the PShR Book I if:
  - 5.1 If the sire is a purebred Arabian it must have been approved for Shagya breeding.
  - 5.2 If the dam is a purebred Arabian, the following must be taken into consideration:
    - 5.2.1 Beginning in 2010, purebred Arabian mares who have produced a foal by a Shagya-Arabian Gelding do not have to be approved for Shagya breeding and may continue to be used for Shagya breeding.

5.2.2 Purebred Arabian mares that have not produced a foal by a Shagya-Arabian by the year 2010 must be approved for breeding to produce foals eligible for Book I.
