

Performance Shagya-Arabian Registry  
Board Meeting  
June 4, 2022

Members Present- Jen, Marty, Nicole, Holly, A.J. and Coleen.

7:05pm CST Meeting called to order

This is a special meeting held to discuss the 2023 inspection.

A.J. Begins the discussion on the feasibility of holding the inspection with the rising costs of transportation for the judges. For an inspection with 8 horses participating the fees are \$2400 to cost of a plane ticket from the Germany this week is about \$2800. This inspection will lose money. There are limited funds in the PShR account. To run an inspection we have to be aware that we may spend a big portion of the funds in our account.

Marty points out that there are 2 things the Club should be spending money on Inspections and the awards program and we need to focus on this part of our registry. She suggests using at least one ISG or Breed judge that lives in the US.

Everyone agrees that inspections need to be held and it is decided to carry on with the planning.

Linda and Jen sent lots of information this week about what kinds of things are needed to hold an inspection.

The Washington inspection is expected to have more horses so they will have the weekend dates. Judges will fly into Spokane and Friday May 12<sup>th</sup> do the inspection on Saturday and Sunday and fly out on Tuesday. Nicole will ask the Illinois participants if they prefer the dates before or after Washington. Nicole will also be in contact with Judit to plan her availability. A formal inspection chairperson will be appointed at a later meeting.

7:38pm CST Meeting adjourned.
