### **8:06 PM Lori Calls the meeting to order.**

Meeting Minutes from last meeting approved... 5 yeahs.

### **Discussion of NASS response**

Members should voluntarily go to an inspection.

We are disappointed, but we plan on moving forward with our ISG application.

### **Discussion of ISG Approval**

Inspections are probably part of the ISG approval process.

We should have an inspection in CA so that we DO something! This would also show ISG that we are serious and ready to go. Thus, we should invite ISG BOD members/general membership to come to the meeting to speak to performance inspection.

Shelley: we need to get horses registered and get all our materials together so that they can approve us ahead of time. We need to have all of our materials in at least 6 months ahead of time.

We need to actively show that we are breeding for performance, so we need show the versatility through performance and rideability.

We need to show what we are doing differently from the other registries and why we need to form our own registry.

Lori, Shelley, Eric to work on paperwork. Hallie?

### **Licensing Committee**

Overview is in works, almost done

Need to find a way to bring in older horses

We need to set another meeting date, Linda to coordinate

### **Push to Register Horse – Lori**

So that we can show ISG and potential new members

### **Forum**

Lisa's Facebook site... are we going to get serious?

### **Website and Promo Materials**

Kayla says send more pix!!!!!!!!!!!!!!

Holly to work with Kayla and Advertising & Promo Committee

Lori & Kayla to set a meeting

Linda to send Lori the Walter Video with the horse clomping down the road.

Can we make brochures downloadable from our website?

Next Meeting August 11<sup>th</sup>.

Lori called to adjourn meeting at 9:33
