## WHY WE INSPECT

The PShR prides itself in combining the traditional testing procedures used worldwide with modern standards including the Interior test and mare performance testing. Testing provides valuable information for not only breeders seeking appropriate breeding stock, it provides documented information for buyers seeking accurate information when selecting the perfect riding horse.

## 2023 Inspection Tour

Planning is underway for inspection sites in Illinois and Washington. The Judges will start in Illinois May 6 & 7 and be in Washington May 13 & 14. Please contact Holly @ the [backwoodsranch@gmail.com](mailto:backwoodsranch@gmail.com) to have your horse added to the inspection. All purebred Shagya, Sport horses and Arabian horses are encouraged to attend.

## WHAT TO EXPECT AT THE INSPECTION

The inspection takes place over the course of several days, depending on the number of horses to be inspected. The phases can be completed in any order but will include:

Veterinary Exam

In-Hand and At Liberty Presentation
